Most times when we hear things, we are engaged in passive listening—we expect our brains to capture the main points and remember them for later. However, active listening is an important skill when it comes to good communication. Becoming a better listener takes practice, but it will improve your ability to connect with other people and increase your capacity to retain information.

### Učebnice angličtiny (ELT) : Active Listening 3 Class Audio ...

Active listening involves giving the other person time to explore their thoughts and feelings, they should be given adequate time for that. We spend a lot of time listening. Various studies stress the importance of listening as a communication skill. The studies on average say we spend 70-80% of our waking hours in some form of communication.
