The Scalable version is well-suited to refurbishment applications where legacy 4U rack relays are removed. It also offers pin-to-pin refurbishment of K-series relays. The scalable version has great synergy with GE's MICOM P40 range, with settings, logic, M4 ring lugs and the PC toolsuite being common - lessening training needs.

Feeder Protection - GE Grid Solutions

Alstom VAJ Tripping Relay are precise measuring devices, the contacts of which should not be expected to switch large electrical loads. In some cases, the protective relay may trip a circuit breaker directly, or according to the coil rating and the number of circuits to be energized, may do so using a VAJ tripping relay.
