— Neil deGrasse Tyson, *Astrophysics for People in a Hurry*. 10 likes. Like “If a huge genetic gap separated us from our closest relative in the animal kingdom, we could justifiably celebrate our brilliance. We might be entitled to walk around thinking we’re distant and distinct from our fellow creatures. But no such gap exists.

Astrophysics for People in a Hurry Quotes by Neil deGrasse ...

An astrophysicist is a scientist who researches the principles of light, motion, and natural forces as they pertain to the universe at large. Astrophysicists engage in theoretical physics studies in an attempt to learn more about the underlying properties of the cosmos. Many specialize in studying a particular phenomenon or theory, such as black holes, the development and extinction of stars, relativity and motion, or the origin of the universe.
