dartiste: Concept Art. The dartiste series has been running for a few years now under the slogan Digital Artists Master Class. This is a big claim, but one that Ballistic consistently delivers on as seen in the latest volume, dartiste: Concept Art, which was published in August of this year. The book is formatted into sections that focus on four artists.

Working as a digital artist for more than 30 years, Todd Lockwood is probably best known for his artwork for the Dungeons & Dragons table-top games, and the books of R.A. Salvatore. Born and raised in Colorado, he currently lives in Washington State and works as an illustrator and author, specialising in sci-fi and fantasy.

8 inspiring digital art portfolios and why they work ...

Art school is more expensive and less important than it's ever been. Ben Mauro says some of today's best concept artists - particularly the new generation - taught themselves using free or cheap online resources. Mauro is senior concept designer at Seattle game developer 343 Industries. His credits include Halo and Call of Duty, and he also worked on the new Metal Gear
