...

\$0 for home health care services. 20% of the Medicare-approved amount for Durable medical equipment (DME) [Glossary]. Before you start getting your home health care, the home health agency should tell you how much Medicare will pay.

Home Health Services Coverage - Medicare.gov

Home care includes any professional support services that allow a person to live safely in their home. In-home care services can help someone who is aging and needs assistance to live independently; is managing chronic health issues; is recovering from a medical setback; or has special needs or a disability. Professional caregivers such as nurses, aides, and therapists provide short-term or long-term care in the home, depending on a person's needs.

What is Home Care and What are the Different Types?

"Home care" may include a variety of settings other than one's own personal home. For instance, seniors may receive in-home care in the home of a friend or relative, an adult foster care home, or an assisted living residence. (To learn more about receiving personal care services and supports in assisted living, [click here](#)). Please note that the settings in which one can receive services depends on the state and the Medicaid program.
