According to the OBD code book/computer fault 202 is a fuel injector Fault with number two Cylinder. Strange that it has an effect on the gearbox. Iveco has some answers to find if they cannot find the fault from the OBD diagnostics.

Iveco 202 Fault - The Grey Nomads Forum

This fault was caused by the failure of the Automatic Clutch Actuator, an electronic unit mounted on the left side of the transmission that automatically makes the gear changes. The Iveco OE part number is 42550296, which I believe is actually made by the German Company Sachs who's part number is 3981 000 093 or Sachs 3981 000 046
