containing concept art from one of the best games this generation, this book is a must have for fans of sci fi, mass effect or concept art in general. progressing through characters, environments, aliens etc, showing the development of each for the game (and how each was tailored for the game experience), there is plenty on show here - and it is all stunning.

Mass Effect: Prima Official Game Guide / The Art of Mass ...

While Mass Effect 2 represents a huge improvement in the series, and probably one of the most important games this generation, its "Special Edition" Game Guide represents the opposite. While the aesthetics and general presentation looks fairly good, the content is not only incomplete but also, at times (important times, though), wrong.
