The Body Never Lies is completely unscientific and, I would say, even dangerous. Let me save you 200 long-winded pages and summarise the book's idea in a single sentence: bad parenting can lead to mental or physiological problems in adulthood and the only way to get well is to admit your true feelings towards your parents and stop loving them unconditionally.

The Body Never Lies empowers us to speak 'our truth'. We must feel and act on an understanding that we need to be and can be 'enlightened witnesses' to others and ourselves. Forgiving those who do not recognize the harm they caused us does not cleanse the body, because the 'truth' of the hurt remains unacknowledged.
